Newsletter No 15

14.10.2008

Dear Colleagues and Friends,

We are coming close to our next ESPR congress in Nice which takes place Oct 24-28th, 2008.

For the program and further details, please see: <http://www.espr.info>

This year's ESPR congress is a joint meeting of the European Academy of Pediatrics, so our section is less prominent in the overall program..

Our oral session is on Monday October 27th, 16:15 – 17:45 pm, Session 6.

Posters will be presented within the headings of different topics and you will best find out your topics of interest by browsing the program (what is a bit difficult, I have to admit).

Two important dates not to miss:

Our section meeting is scheduled – no elections this time (but next year!)

Saturday, October 25th, 14:15 – 15:00 pm Hall D

The ESPR business meeting

Monday, October 27th, 14:15 – 15:30 pm

This is different from the actual program you find in the internet!

This meeting is very important, because we will elect the new president of the ESPR.

Heike Rabe, our former section secretary whom you all know well is one of the candidates! So, please come and vote.

At our last section meeting in Prague, Gerhard Pichler from Graz was elected section council member replacing Heike Rabe. Heike was elected ESPR vice president in Prague.

Preliminary agenda of the section meeting on October 7th, 15:30-16:00 pm.

- Welcome
- Report of the secretary
- Discussion on content of Newsletter 15
- Change of section-name? **Section of Haematology, Oxygen transport and Microcirculation** Should we change “Microcirculation” to “Circulation” to cover a broader field?
- Next year's ESPR congress in Hamburg
- How to recruit new section members

- Any other business

Please, feel free to make any proposals for the agenda. I would appreciate especially your ideas for the forthcoming meeting in Hamburg 2009.

Looking forward to meet you in Nice!

Claudia Roll
